

iPhone Apps for Social Entrepreneurial Networking

Got an iPhone? Then download one or all of these apps to help you with your networking. Here's our ten Apps that should be on every Social Entrepreneur's iPhone (other smartphones are available).

Here's our guide to networking on your mobile device!

10 Apps

1. **Voice Memos** – Record your thoughts about your meetings to reflect on later or just give yourself a message to follow up. Great way summarize you meeting and action points; once more it syncs with iTunes!

Free

2. **LinkedIn** – an easy way to carry your network in your pocket! The app makes it easy for you to find you new contacts at meetings and add them to you network instantly...no need for business card!

Free

3. **Happening / Meet Up** – let's you find events that are going on near you, locate attendees and an RSVP option too.

££ / Free

4. **Notes** – Use it to record people's contact details (before you lose the business card), action points, web details...anything!

Free

10 Apps

5. **Locally / Around Me** – just bumped into someone and need a place to meet up – coffee shop, cafe, bar? Both these apps do the same thing.

Free

6. **Yammer** – useful for organisations that want staff to network with each other...the online intranet of networking. So no matter where your staff are – in the same office or in different cities they can stay in contact.

Free

7. **Twitter** – It's easy to use, doesn't take a lot of time to send messages and keeps contact short and sweet! Little features like hashtags can help you stay in touch with events, even when you are not there!

Free

8. **MeetMe** – need to meet up with someone then meet up half way with Meet Up! That's what it does helps you find a venue mid-way between your two destinations.

£

9. **GroupMe** – build groups and share messages, ideas, events, photos...even conference calls! Still testing this app.

Free (calls and in app purchase cost may apply)

10. **Voucher Cloud** – continue your networking over a meal, drink or coffee – voucher cloud can help you find places and better still give you a discount!

Free (in app purchase cost may apply)
